Shield

Vitamin C / Magnesium / B12 / B-Complex / Zinc

Your immune system is your shield against infections and illness. Keeping your immune system in proper working order is key to reducing the risk of infection.

Allstar

Vitamin C / Magnesium / Arginine / B12 / B-Complex / Glutathione / Taurine

When administered prior to a race, this drip can act as a springboard for your best performance. Vitamin C supports your ligaments, tendons, and muscles that will be put to the test.

Soother

Vitamin C / Magnesium / B12 / B-Complex

As the Soother flows in, the stress flows out. Tense muscles and a tense mind go hand in hand. The Soother provides relief for both.

Restoration

Vitamin C / Magnesium / B12 / B-Complex / Glutathione

For those times when indulgence leaves you feeling less than great, the Restoration helps flush toxins out of the body and provides micronutrients, antioxidants, and fluids to accelerate your rehydration and recovery.

Time Machine

Vitamin C / L-Arginine / Magnesium / Biotin / Folic Acid / B12 / B-Complex / Glutathione

Set back the clock! This drip removes lead and other toxic heavy metals gently while flooding the body with vitamins and nutraceuticals that support healthy arteries, skin, organs, and brain health.

Preop

Vitamin C / Magnesium / B-Complex / Zinc

No matter how minor, surgery causes trauma and shock to the system. Prepare for this event by giving the body what it needs to get through the procedure.

Postop

Vitamin C / Magnesium / Biotin / Zinc / Triamino / B12 / B-Complex / Glutathione

This drip includes vitamin C to support wound healing, amino acids, and essential nutrients to help speed recovery. Surgery can leave the body feeling depleted, but your veins remain open to receive the restorative benefit of this infusion.

Jetsetter

Vitamin C / B12 / B-Complex / Glutathione / Folic Acid / Zinc

Whether for business or pleasure, travel plans should not include an invitation to illness. Stress and the cascade of free radicals from ultraviolet exposure weaken your immune system. Make the Jetsetter a part of your pre-flight routine.

Flu Fighter

Vitamin C / Magnesium / Zinc

Nothing combats a virus better than a strong immune system. This drip provides the body with the fluids, vitamins, and minerals needed to fight illness.

Firm

Vitamin C / B-Complex / Glutathione / Biotin / Zinc

Beauty radiates from within. Proper nutrition significantly affects the health and aging of the skin. Without proper micronutrients, the skin can lose elasticity, leading to more wrinkles and aging. To maintain smooth, lustrous skin, make the Firm a part of your beauty and maintenance routine.

The Debut

Vitamin C / Magnesium / B12 / B-Complex

This gentle infusion, inspired by the classic "Myers Cocktail," is a blend of vitamins and hydration intended to support immune function, energy, mental clarity, and general well-being.

Allergy

Vitamin C / B12 / B-Complex / Glutathione / Glutamine

Allergic rhinitis is caused by an abnormal response to allergens from the environment. The immune response triggers an inflammatory cascade of free radicals and cytokines that create the symptoms. This infusion contains high levels of antioxidants to neutralize that reaction.

Vitality

Amino Acids / Taurine / Magnesium / Methylcobalamin

When you embrace and enjoy your sexuality, you promote your physical, emotional, mental, and social well-being. This drip is designed to increase blood flow and heart health, stimulate hormone secretion, support arousal, and enhance libido.

Post Viral

Vitamin C / Magnesium / B12 / B-Complex / Glutathione / Folic Acid / Glutamine

Still feeling the effects of a recent illness and just want to get back to normal energy levels? This drip, formulated to combat Long Haul Covid symptoms, helps the body detox and heal.

Glutathione

Glutathione

Glutathione, great for liver detox and anti-inflammation, has been gaining popularity for its use in various body functions, which is why it has earned its own drip!

Heavy Metal Detox

Vitamin C / Magnesium / B12 / Taurine / Folic Acid / Pyridoxine

This drip has been shown to detox heavy metals from the body and prevent potential damage to the brain from environmental toxins — all through the use of powerful antioxidants. At the same time, this drip addresses common nutritional deficiencies.

Metabolize
